## *Class History*

As we look back over the past 12 years, we can recall many things that we have enjoyed.

We have had a few ups and downs but now we want to look on the bright side and forget this.

We entered the eight grade with Mr. Martin as our home room teacher. He taught the first semester. Seems as if we can still hear him saying, "straighten up and fly right." Then Mr. Ferbee took his place and taught the next semester.

Next is the year in which we all longed for. The year that we would be in high school. The idea brought many thrills to our minds. My! What nerve those teachers had as they would chase those boys around the room trying to take spit wads and rubber bands away from them.

Mr. Parker was our home room teacher in the tenth grade. How we enjoyed being in his class. Especially that certain little bunch of gigglers. Then we remember the Valentine party we had on Valentines' Day. Many games were played and refreshments were enjoyed.

We next appear on the scene as Juniors. Miss Speas was our home room teacher. Also our History and Home Economic teacher. We were glad we could take Home Economics since this was our first year of it. We looked forward to working in our new department, but it wasn't finished as soon as we would have liked for it to have been. Then we would not forget the fun at the Halloween Carnivals. Waiting to hear the exciting news of who would be crowned King and Queen. One of the highlights of Junior year was the Junior-Senior Banquet held at the Y. W. C. A. in Winston-Salem. Then the Seniors entertained us with a weiner roast at Biltmore Dairies.

As a group of Seniors, we now have 18 in our class. What a busy time it is with all the different activities and parties! First, we were entertained at a hamburger fry at the Community Building in Advance. As seniors we also enjoyed working on the paper staff in helping to make it interesting. The thing that thrilled us most was the "Senior and Queen being crowned at the Halloween Carnival."

This was the first time in the history of our school that the winning class had \$215.20. We also had the best stunt. As class historian, I have enjoyed every year in school with the fellowship of my classmates. To those who will take our places, we say, "Good luck as you go forward."

## *Class Prophecy*

As I gaze into my crystal ball I can see the seniors of 1951 scattered over all parts of the world. It is the year 1961 A. D.

First I see Alma Lea Barney playing in Carnegie Hall after taking lessons from a wonderful musician, Bill Shoaf.

Mary Rose Frye is doing a fine job as a tight rope walker in Barnum Bailey and Ringlum Brothers circus.

Now, in Alaska, Gerard Husser is teaching the Eskimos how to play football.

Mozelle Jones has reached her desired goal, being head nurse at John Hopkins Hospital.

Nell Hendrix is now a popular scientist at Duke University.

Kit Beauchamp is now in Texas running a Dude Ranch.

Betty Jean Spry is now doing hair styling in Hollywood.

Bobbie Jean Hamilton is the owner and operator of a restaurant in Wyoming.

And now in Washington, I see Wayne Myers has advanced from Secretary of the State to the Vice-Presidency.

Vestal Potts has finally reached his desired goal, teaching in Mrs. Cornatzers' place after her old age retirement.

Elizabeth Ann Foster is very happy along now being she is the owner of an apartment for Bachelors in South Carolina.

Ronnie Burton is now the postmaster of the big post office in Advance.

Edythe Mock is now a missionary in China.

Graham Hendrix is very happy now, since he has gotten to be a chauffer for the president.

Tom Cornatzer has a large farm and dairy in Louisiana.

Robert Lee Hendrix has opened up a law office in Fork.

Joan Craver has opened up an A. & P. Grocery Store in Lexington and is doing a fine job.

And now I see Peggy Carter in Cleveland. She is very happy nursing in a lunatic hospital.

And now as my crystal ball fades fast, I must be going. We have seen the seniors of '51, and know they are very contented. I remain your prophet of 1951.
